## Custom Branded Power Conditioners

Differentiate every installation with professional grade power conditioning branded your way.

The LynTec Private Label Power Program, built on Juice Goose JG Series products, gives integrators a simple, cost effective way to deliver custom-branded power protection - with flexible ordering and no setup fees.

### Why Custom Brand?

- Reinforce your brand and contact info in the rack
- Goes in and stays in, plays a key part of the system
- Deliver a cleaner, more professional installation
